Movie Matrix

Directions: While viewing today's presentation, record information you believe is valuable and meaningful as it relates to Natural Resources. Recordings should be brief and accurate and contain both a key term/concept with a description. Use your matrix notes as a resource to write a statement summarizing the contents of this video.

Video Title: Natural Resources - Bozeman Science
YouTube: https://www.youtube.com/watch?v=LxHdUd_Q12Y

Summary of "Natural Resources" video:

Draw and label (NOT CUT AND PASTE) a diagram showing the Natural Resources within a specific ecosystem (what a great title btw)!
